### Bulan Group Seeks Community Fire Truck

The Perry County Community of Bulan is about to kick off a drive to secure fire fighting equipment and other needed facilities as part of the Bulan Development Program.

A meeting was held Tuesday night at Smith's Shopping Center at which time Rosecoe Davis, deputy Civil Defense Director for Perry County, told the gathering what must be done to accomplish their goal.

Davis, along with Bulan residents Jasper Smith, Vincent J. Mongiardo, Herschel Stacy and Elsha Harvey went to Frankfort Monday to meet with officials to secure information and to lay the ground work for this undertaking.

The main function of the committee at this time is to obtain a fire truck to give badly needed fire protection to outlying areas.

Longrange plans call for a complete fire station, sewage and garbage disposal for Bulan and surrounding communities.

In an interview shortly before the meeting Mongiardo gave this account of what plans call for:

A 20 to 25 man volunteer fire fighting crew, fire protection for Combs, Airport Gardens, Darfork, Hardburly, Dwarf, Tribbey, Heiner and Bulan proper.

"We must have the people of these communities behind us if this program is to be a success", Mongiardo said.

Davis pointed out that Bulan was the first community to undertake such a project.

Davis informed the meeting that he had written to the Department of Health asking their help in getting information on sewage disposal for these areas.

Mongiardo stated that from 3 to 4 hundred dollars would be needed to keep the truck in proper working order and that this would be obtained through contributions. Anyone wishing to contribute to this drive should contact either Mongiardo, Jasper Smith or French Colwell at Bu-

Time and place for the meeting are Wednesday, October 28, 9 p.m. at Bulan Church.

### New Clerk Course Will Begin Monday

A new class for training clerk stenographers sponsored by the Manpower Development Training Act will start Monday, October 26, 1964 at the Hazard State Vocational School in the Walkertown section of Hazard.

Persons who are interested in this program should report to the Employment Office located on High Street, Hazard, Kentucky, Wednesday, Thursday or Friday of this week for selection and referral to this class.

A training all-wance will be provided for those persons who qualify. Class hours will be approximately 12:00 noon until 7:00 p.m. in the evening.

### Dilce Combs Boosters Club Sets Meeting For Monday

The Dilce Combs High School Boosters Club will meet Monday, October 26 at 6:30 p.m.

Movie Shot In Eastern Kentucky

A film crew recently shot scenes of Inland Steel Company's coal mining operations at Price, Ky., for a widescreen color movie, "Wonders of Kentucky." It will be distributed by Columbia Pictures to 5,000 U.S. theaters and circulated in foreign countries. Left to right: Harry Foster, president of Foster Films, Inc.; Henry Harrison, assistant cameraman; Sol. Negrin, cameraman; Fred B. Bullard, formerly of Hazard, now of Lexington, President of Kentucky Coal Association, and Minor Pace of Wheelwright, general manager of coal properties for Inland Steel.

### Hazard Kiwanis Club Elects Directors For 1965

Election of directors was conducted by the Kiwanis Club Tuesday evening at a meeting which featured Club President Don A. Ward as speaker.

Judge Ward gave a report on the Area Redevelopment Program, which was explained Tuesday morning at a meeting of the Upper Kentucky River Area Development Council.

The following Kiwanians were elected as directors for 1965: George Pendleton, M. H. Al-

corn, Sr., Frank Baker, C. B. Caudill, Jack Caudill, Harold Green, Dr. A. P. Gullett, Thomas as Hewlett, Bruce Muncy and Nin Combs.

Officers for 1965 will be chosen by the newly-elected directors at a future meeting.

City Commissioner and Mayor Pro-Tem Curt Feltner was guest speaker at the regular dinner meeting of the Hazard Kiwanis Club Tuesday, October 13, at the V.F.W. Club.

Commissioner Feltner, who is

## UKRADC Resolution Urges The President To Recall Congress

The Upper Kentucky River Area Development Council, at its monthly meeting Tuesday, unanimously passed a resolution asking President Johnson to re-convene the 88th Congress to pass the Appalachian Bill.

The bill, designed to help Bill Miller, a specialist in com. Appalachian Mountain areas in muninty service for the East-Perry County Development eleven states out of their economic doldrums, has been shelved in the House of Representatives while Congressmen are home campaigning. The share of the \$800 million in federal funds could amount to \$20 million, depending on the kind of local initiative that is exerted.

In other action at the regular UKRADC meeting, Development Councils from four surrounding counties concentrated on drawing up project-proposals for submission to federal agencies administering the recently-passed anti-poverty bill.

Under provision of the anti-poverty act, formally known as the Economic Opportunity Act, communities in depressed areas may apply to the federal government for funds to finance poverty-fighting projects initiated by local citizens.

The Perry County Development Group is the local subsidiary of the Upper Kentucky River Council, with the responsibility for coming up with ideas for Perry County's improvement.

The Group held a meeting Monday night at which a proposal was made to seek federal funds to finance a youth center at Vieco.

Another suggestion is for the establishment of a Perry County Community Center at Hazard.

Leslie County has already made formal application, complete with Governor Breathitt's signature, for a project that would provide jobs for underprivileged students as conservation and recreation workers in the county.

Other tentative ideas brought up at the Council meeting Tuesday had to do with establishment of remedial reading and pre-school readiness clinics, perhaps staffed by local college students.

Much of Tuesday's meeting was devoted to an explanation by Council leaders of proper ways to prepare requests to the government for anti-poverty funds.

"The purpose of the bill is involve local people in changing their cycle of poverty," said

### Coal Production Drops For Week

Coal production in the Hazard Field amounted to 186,840 tons during the week ended October 17, 1964 bringing the total for the year to date to 6,988,080 tons.

In announcing the figures, the Hazard Coal Operators Association said the week's production was 7.63 per cent below the 202,290 tons mined during the corresponding week last year. Production for the year to date indicates an increase of 2.11 per cent over the 6,841,490 tons at the same date last year. Tonnages are computed on a 50 tons-per-car basis and are

### Walkertown Students To Take Fitness Test

John Calitri, President of the Walkertown P.T.A. has announced the Major and Minor Club of Union College, Pi-Epsilon-Alpha, in Barboursville, Kentucky will conduct the President's Council on Physical Fitness Test at Walkertown Elementary School on Friday, October 23, 1964.

The group, which will be working in cooperation with Mr. Browning, Principal at Walkertown, his teaching staff and the Walkertown P.T.A., will leave Barboursville at 6:30 and arrive in Hazard at 9 o'clock.

The college students, about 25 in number, will administer the three-item Physical Fitness Test to grades four thru eight. The test consists of the sit-up, pull ups, and the squat thrust.

The group will also set up a follow up Physical Fitness Program for the entire School.

In the afternoon the group will show the film entitled, "The President's Council on Physical Fitness" which was one of the pet projects of the late President John F. Kennedy and which was headed by Bud Wilkinson of Oklahoma.

The Program now is directed by "Stan the Man" Musial of the St. Louis Cardinal Organization. Also presented in this at M.A. Degree.

Homecoming Queen

Miss Linda Rene Ritchie, right, daughter of Mr. and Mrs. Ike Ritchie, Hazard, was crowned Homecoming Queen during the half-time festivities at the Hazard-Fleming-Neon Game Friday night at Collins Field. Miss Ritchie was escorted by Ronnie Smith. Miss Katherine Buchanan, left, was named Princess.

## Cooper Will Speak At Buckhorn

Senator John Sherman Cooper will dedicate a new dormitory at the Presbyterian Child Welfare Agency in Buckhorn, Kentucky, on Sunday, October 25, 1964, at 4:00 p.m.

Senator Cooper was a long-time friend of Dr. Elmer E. Gabbard, to whose memory the new building has been erected.

The new dormitory, for which Senator Cooper will give the

John Sherman Cooper

dedicatory address, will provide a home for twelve boys, ages six to twelve. It replaces a temporary one-room building which was erected fifteen years ago following a disastrous fire, and is constructed through the generosity of interested persons across the country who are aware of the needs of Kentucky's children.

Dr. Gabbard

Dr. Gabbard was President of the then Buckhorn Home and Orphanage for over twenty years, and is remembered for his scholarship, dynamic personality and golden speaking voice. Prior to assuming duties at Buckhorn, Dr. Gabbard had served parishes in Knoxville and Chattanooga, Tennessee.

The Presbyterian Child Welfare Agency was begun in 1902 as a private boarding school, Witherspoon Log College; it later became Buckhorn Home and Orphanage, and is now a licensed child-caring and child-placing agency.

Total Care

Total life experiences are provided for the children through institutional care, foster home care, adoptive services, or help in their own family homes. In conjunction with the Kentucky Department of Child Welfare, a pre-school day care center is conducted in Buckhorn by the Agency. A special class is provided for campus residents who are usually far behind in their academic work, or who are unable emotionally to tolerate the public school classroom.

Over one hundred children are cared for by the Agency at one time, of whom forty-six live in the four dormitories on the twenty-acre campus at Buckhorn. A forty-acre farm provides much of the Agency food, as well as work for the boys. Twelve acres of the Agency land were donated to the Perry County Board of Education, which is erecting new public school buildings.

Following the dedication service on Sunday, a buffet supper will be served in the Gabbard Cottage.

Attending the K.E.A. Drive-In Conference held Thursday at the Walkertown School were, seated, left to right, William Browning, Mrs. Estill McIntyre, Estill McIntyre, Dicy Callahan, Chester Moore. Standing, left to right, Mrs. Dorothy Pendleton, Mrs. Lena Foley, Miss Esther Ritchie, Mrs. Vivian Brown, Mrs. Mary Elizabeth Stringer, Mrs. Sophia Adkins, Earl Smith.

### K. E. A. Drive-In Conference Held At Walkertown School Monday

On Thursday afternoon and evening of last week a Kentucky Education Association Drive-In Conference was held at the Walkertown School. The conference was for leaders of local education associations in the UKREA area.

Fifty-six leaders were in attendance. The afternoon session, which ran from four o'clock to four-thirty was given over to a discussion of benefits that had been gained by the association during the past few years and to the listing of other benefits for which the profession should work.

After dinner, there was another session in which those present were divided into smaller groups to work on problems that are encountered locally by different committees of local associations. These committees included ones for School Financing and Salary Scheduling, Teachers Education and Professional Training, Ethics, Local Education Reporting, etc.

Thirteen people were in attendance from the Hazard Education Association as follows:

### Donald Back Visits Riddle Family

By Erna Eldridge

Dr. A. B. Pigman is on two weeks vacation. Mrs. Sue Combs is attending Maryville College, in Maryville, Tennessee.

John Riddle and daughter visited her sister-in-law, Katy Shepherd, in Mount Mary Hospital. Mrs. Harry Ward's father, Mr. Riddle, is in the hospital. Mary Johnson's mother, Mrs. Combs, has returned home. Robert and Judy Combs have returned home after spending a vacation with their son, Jack Combs, in Louisville. While there they also visited Judy's brother, Wade Brashear, who is having a serious operation on his head. They also visited their daughter, Dalton Miller, in Lexington, before coming home.

Mr. and Mrs. George Stanley's child is improving. Hamilton Hall, Jr., from Lexington, is visiting friends here. Mr. and Mrs. Joe Campbell are now visiting their son, Carl, in Testa, Ohio.

Mrs. Myrtle Luttrell's two daughters, Danna, from Georgia and Louise, from Florida, are visiting their mother, Kethi Luttrell, and sister, Jo Anne Bailey.

We are all real glad to have the blacktop road in our community. Our children won't have to wade the mud getting to school now.

While visiting his parents on Woodling's Creek, Donald Gene Riddle, who lives in Indiana, stopped by to visit the family of Dave Riddle. He was a close friend of David Riddle.

Mr. and Mrs. B. B. Cornett and Mr. and Mrs. Nuton David, Jr., visited Ford Cornett and family, in Middletown, Ohio, and Judy Couch are now home in their trailer.

The Presbyterian Church is having a kindergarten this year.

### Napier To Play Prestonsburg Friday; Guy Olinger Is Head Coach For Navajos

Guy Olinger, Jr., has been named head coach of the M. C. Napier High School Navajos, until the return of Ed Wilson, who was recently hospitalized after a heart attack.

Mr. Olinger, who is a 1958 graduate from Jackson State College, in Jackson, Mississippi, has been coaching for Napier since 1961.

The rejuvenated Navajos, who defeated the Hazel Green Bulldogs 25-20 in Napier's homecoming game last Saturday, will meet the crippled Prestonsburg Blackcats tomorrow night at Prestonsburg.

Word comes from Prestonsburg that the Blackcats have lost the services of four regulars for tomorrow night. Center Wendell Howell broke his leg when Prestonsburg met Whitesburg, quarterbacks Steve and John Clark and halfback Lennie Harris, all have sprained ankles.

As for Napier, the only player on the doubtful list is Kenn Finnisson, who is still hobbling on a bad leg. A death in the family of senior co-captain Martin Allen has resulted in his being absent from practice this week but Coach Olinger hopes that he will be able to play tomorrow.

Napier's lineup will probably be the same eleven that won last Saturday's contest: Mickey Fields and William Hughes, at ends; Paul Eversole and Lery Rutherford at tackles; Darrell Deaton, Tommy Brucky, and Jerry Wooten at center; Allen at Quarterback; Jim McLarnis and George Ballard at halfback; and Eugene Ritchie at fullback.

Coach Wilson stated this morning that the Navajos could easily win Friday if the defensive unit comes through with an effort like that put forward in earlier games.

Other games in the E.K.M.C. tomorrow night will be: Fleming-Neon at Paintsville; Leslie County at Jenkins; Cattlesburg at Wheelwright; Whitesburg at Elkhorn City; Belfry at Mate Wan; M.M.I. at Pikeville.

There are only eight teams in Kentucky High School Football with perfect records after last weekend's activity. They are: Hazard, Shelby County, Old Kentucky Home, Bardstown, Fort Thomas Highlands, Hopkinsville, Louisville Male and Eastern.

Hazard, the winningest club with eight victories, has already claimed a spot in the playoffs but an opponent for Jack Carey's Bulldogs is still in doubt.

Middlesboro could have been the opposition, had they defeated Evans, but the Yellow Jackets lost 13-0. The Yellow Jackets' chances are excellent though, should Evans beat Hazard and Jenkins, then a three way tie with Middlesboro and Cumberland could result.

If Evans loses one more time, Cumberland and Middlesboro will probably tie under the Dickinson System. Since Middlesboro has beaten Cumberland, the Yellow Jackets would be champs.

The October general meeting of the Woman's Society of Christian Service of the Methodist Church was held in the church dining room Tuesday afternoon at 2:30 p.m. with representatives from each of the five circles and the Wesleyan Service Guild attending.

The business hour was presided over by the president, Mrs. L. H. Wagers, which was followed by the program under the direction of Miss Elizabeth Metcalfe, who spoke on "Women in the New Age". She finished with a round of questions and answers by the various members present.

Attending were Mrs. B. T. Campbell, Mrs. E. M. Combs, Mrs. Fred Vecio, Mrs. Bess W. Draughn, Mrs. L. H. Wagers, Miss Katherine McAllister, Mrs. Leighton Abshire, Mrs. Jake Kimberlin, Mrs. Floyd Hurst, Mrs. C. Dana Snyder, Mrs. Thomas Patrick, Mrs. K. K. Davis, Mrs. Ward Taylor, Mrs. M. K. Allen, Mrs. Charles Nicholson, Sr., Mrs. Jonah Daniel, Mrs. Robert Marcum, and Miss Metcalf.

Newlyelected officers are Bonnie Turlich, President; Shawnee Dix, Vice-President; Marta Goldsmith, Secretary; Treasurer; Marsha Craft, Publicity Chairman; Donna Lawson, Scrapbook; Donna Combs, Yearbook Chairman; Mrs. Harold Sigmon, Chairman; Mrs. Elizabeth Gruffy, Mrs. Don Ward and Mrs. Chalmers Lindon, Sponsors.

The next meeting will be held Wednesday, November 11.

## Kindergarten Children Visit Fire Department

The forty-one children and personnel of the Community Kindergarten enjoyed a very exciting and informative visit to the Hazard Fire Department, Tuesday, October 13.

Fire Chief Lawrence Sizemore and a couple of the firemen spent a great deal of time showing the group many points of interest. The children were allowed to climb on the fire trucks, ring the bell and wear the firemen's hats. The large truck was then moved outside and the children looked on with awe as the firemen showed them how high the water would go when sprayed from a large hose.

They were shown the sleeping quarters of the firemen and even the way their boots and trousers are placed on their beds making it possible for the firemen to jump into them quickly should an alarm come in.

The most exciting moment for the group came after they had gone back downstairs. They were told to stand in a circle and look at the pole. In rapid succession, three firemen slid down the pole causing the children to shriek with delight.

The Kindergarten makes several trips in and around our community throughout the year whereby they receive first hand information concerning various projects of the school.

## Jenkins To Host 10th District PTA

Jenkins PTA will be host to the 10th District, Kentucky Congress of Parents and Teachers when it meets for the fall conference, Saturday, October 24. The meeting will be held at the Jenkins Independent School starting at 10:00 a.m. (EST).

Mrs. Durward Narramore, host PTA president, is in charge of arrangements and announces that registration and coffee hour will begin at 9:15 at the school, with Pre-Board Meeting starting promptly at 9:15 a.m.

District President, Mrs. Norman P. Cornett, will preside at the meeting. Awards for accomplishments of local units will be presented at the afternoon session, and workshops will be held.

Mrs. C. B. McClaren, President of the Kentucky Congress of Parents and Teachers will be the principal speaker using as her topic "Our Challenge to Extend", which is also the theme of the Fall Conference. Accompanying Mrs. McClaren will be Mrs. Dallas Brightwell, Executive Secretary and Mrs. James G. Sheehan, State Chairman, Civil Defense.

At the luncheon to be served at 12 o'clock noon, Superintendents and Assistant Superintendents of the Tenth District will be honored.

Presidents of all local units are urged to attend this meeting as well as delegates. Any one interested in Parent/Teacher work is invited to attend the meeting which is open to everyone.

The Tenth District of the Kentucky Congress of Parents and Teachers is represented by ten counties, with 26 local units with a total membership of 3,726. This year the goal is 4,100 members with 28 local units.

## Mrs. Moore Hosts Christian Circle

Mrs. Combs Receives Award

**CONSERVATION AWARD** — Mrs. Gene Combs, Hazard, received the Conservation Award of Merit at the Fourth Annual Conservation Congress in Louisville October 15. The awards are presented annually for outstanding work in promoting good conservation practices. In presenting the award, William C. Johnstone of the Natural Resources Development Commission said: "Mrs. Combs, as president of the Garden Clubs of Kentucky, Inc., has been influential in promoting state-wide Garden Club participation in Kentucky's Clean-Up and Beautification Program. She has also done extensive work in her own county and has a sincere concern for the natural resources of Eastern Kentucky." More than 300 delegates attended the two day meeting aimed at coordinating all levels of work on conservation in Kentucky.

## VOTE FOR MATT COUCH for School Board Member in District 2

## VOTE FOR MATT COUCH

School Board — 2nd. District

(2nd. Name on the Ballot)

If elected your board member in District 2, I will work for

1. Better education for your children.
2. Keeping our qualified teachers in Perry County and for returning our teachers who have left this county due to pressure.
3. Better pay for our classroom teachers.
4. Encouraging our state legislature to introduce a bill for social security benefits for our teachers.
5. No teacher will be asked or expected to contribute to any campaign fund for board members.
6. I am for gymnasiums for our schools. We need a better physical fitness program.
7. Overcrowded bus conditions should be eliminated. Safe school buses for our children. No child should be forced to walk 2 to 3 miles to catch the bus.
8. Raising school standards in both elementary and high schools in Perry County.
9. A hot lunch for every child, whether he or she can afford to pay for it.
10. No child should be taken out of class or study hall to do the work of hired personnel—janitors or cooks.
11. Eliminating WHITE WASH AUDITS OF ALL SCHOOL FUNDS. The people should know exactly what happens to these funds.
12. Open and above board meetings to the public. The public should be informed at all times about how our tax money is being spent.
13. A fair and honest placement of teachers, regardless of family connections.
14. TAKING POLITICS OUT OF THE SCHOOL SYSTEM AND PUTTING THE NEEDS OF OUR CHILDREN FIRST.

Our present board member in the 2nd District voted for the present superintendent of schools on a four year contract. My other opponent is strictly for the present superintendent of schools. I am obligated to none for superintendent and I hold—no grudges. I am a coal miner, lived in this county all my life, and am qualified to serve you as board member.

Are you SATISFIED with the present superintendent and his personal family interests in the handling of school affairs?

IF NOT, A VOTE FOR MATT COUCH IS A VOTE FOR A NEW SUPERINTENDENT.

## The Buckhorn School

The Buckhorn School was built under the low water mark, both from Squabble Creek and Buckhorn Reservoir, when the County had an additional strip of land adjoining, which is 6 to 8 feet higher than the present site, that would have protected the building, playground, and school facilities.

This school is in Hensley Sparks' district and is being used for high school.

THE COST OF THIS BUILDING WAS IN EXCESS OF \$200,000 OF TAXPAYERS' MONEY.

## 4-H TALENT SHOW

### Annual 4-H Talent Show Planned

For October 31 At Hazard High

The Annual 4-H Talent Show will be held on Saturday, October 31st starting at 9:00 A.M. at Hazard High School auditorium. 4-H'ers will be featured in specialty act and club acts. Specialty acts consist of four members or less and the acts must last no longer than four minutes. Each club may enter as many as two specialty acts.

The club act should involve 20 percent of club members or at least five members taking part in act and must last not longer than eight minutes.

The talent acts will be judged on performance, staging and suitability to audience.

Winners at County talent show will participate in District Talent Show set to be held at Quicksand on November 14th at which 4-H members from Leslie, Letcher, Perry, Knott, Breathitt, Wolfe, Lee, Powell and Estill counties will participate. The District champion act will perform at 4-H leader

ship conferences in Lexington on June 3rd.

4-H Council Sets Goal for 1964 and 1965

The 4-H Advisory Council at the October meeting set the following activities and goals for 1964-65 4-H club year.

1. Organize 20 4-H clubs with a membership of 850 4-H members.
2. Hold a series of recreational leader training meetings in November, December, January and February.
3. Entomology leaders training meeting — March.
4. Electric project leaders training — February.

5. County Talent Show — October 31, 1964.

6. District 4-H Talent Show — November 14.

7. 4-H Rally — April 9.

8. Dress Revue — May 14.

9. District 4-H Rally — April 17.

10. County Achievement — May.

11. 4-H Leadership Conference in Lexington — May 31.

12. Feltner Memorial 4-H Camp — Take 50 — July.

13. Teen-Age 4-H Camp — Takes 10 — June 14-18.

14. District Achievement — August 20-21.

15. 4-H Window Show and Parade — September 20, 21, 22.

School and Community 4-H clubs are being organized during October. 4-H Club work is recognized internationally as an informal educational program.

"I Pledge my head to cleaner thinking" is first line of our 4-H pledge. "Learning attitudes, skills, and knowledge to build a satisfying home and family life" is number one objective of 4-H club work. 4-H club program provides situations that help boys and girls develop wholesome attitudes toward work, acceptance of responsibility and cooperation with others. It contributes to the desires of members to strive for achievement of excellence.

4-H clubs are organized on request and where local 4-H leaders are available. For information on 4-H program call the County Extension Office.

6. To put the 4-H Club activities and music back into the school program at Buckhorn. This has been eliminated by the principal, who is the son-in-law of the present board member.
7. To put Industrial Arts and Woodworking Shop back into the school program. (This is very important to all Hish School boys.)
8. Pressure will not be applied to force anyone out of the school system.
9. A fair and honest placement of teachers, regardless of family connections.
10. Safe school buses for every child. Overcrowded conditions should be eliminated.

My opponent is electioneering in one area of my district for the present superintendent. He is also telling the people in another area that he is for a different person for superintendent. He is also informing the people in another area that he is for a third man for Supt. What are we to believe? This is confusing.

I promise to vote for a well qualified person for Superintendent of Schools. The present superintendent is certainly campaigning hard for Mr. Hensley Sparks.

Think before you vote on November 3, and vote your feelings.

### Uncle Jack Fugate Attends Church

By W. R. Williston

Attendance at the Christian Church and Sunday School Sunday was 42; the offering was \$40.02. After our meeting Sunday, Brother Jim Stidham was

bailed. He has been very ill from a stroke he had a few weeks ago.

Sunday evening we had another real good meeting at the home of Bug Milam. Brother Lige Sampson joined our church Sunday and we are very glad to have him.

Uncle Jack Fugate, who has not walked for about 18 years, also attended church Sunday. His family carried him to a jeep in a chair and brought him right up to the church. He seemed very glad to be able to come.

Mr. and Mrs. Leo Allen, Mr. and Mrs. Lewis Allen, Mr. and Mrs. Everett Campbell, Dovie Bentley and Beulah Flinchum and her daughter, Betty, visited Mr. and Mrs. Dennis Maggard Sunday.

Blaine Stidham, who is employed in Cincinnati, visited his family at Busy over the weekend.

Mr. and Mrs. Roy Osborne have returned to Chicago.

We understand that Uncle Jim Fields is still seriously ill at the Mount Mary Hospital.

## October's Bright Blue Weather

O suns and skies and clouds of June,  
And flowers of June together,  
Ye cannot rival for one hour  
October's bright blue weather.

When loud the bumblebee makes haste,  
Related, thriftless vagrant,  
And Golden Rod is dying fast,  
And lanes with grapes are fragrant;

When Gentians roll their fringes tight,  
To save them for the morning,  
And chestnuts fall from satin burrs  
Without a sound of warning;

When on the ground red apples lie  
In piles like jewels shining,  
And redder still on old stone walls  
Are leaves of woodbine twining;

When all the lovely wayside things  
Their white-winged seeds are sowing,  
And in the fields, still green and fair,  
Late aftermaths are growing;

When springs run low, and on the brooks,  
In idle golden freighting,  
Bright leaves sink noiseless in the hush  
Of woods, for winter waiting;

When comrades seek sweet country haunts,  
By twos and twos together,  
And count like misers, hour by hour,  
October's bright blue weather.

O suns and skies and flowers of June,  
Count all your boasts together,  
Love loveth best of all the year  
October's bright blue weather.

#### Conservationists Promote Contest

By Mrs. Hale Bowling

Miss Lillie Johnson, daughter of Mr. and Mrs. Paul Johnson, who is a student of Hazard High School, has been named Senior Girl of the Month.

We are all glad to know that little Kathy Donovan is better and has been released from the hospital.

Mr. and Mrs. Brenton Davidson and Mrs. Alice Davis visited Mrs. Kerman Davidson, who lives at Grapevine. Mrs. Davis is very ill at her home.

Lillie Johnson spent Friday night in Hazard with Donna May, daughter of Mr. and Mrs. Charles May.

Mr. and Mrs. Bill Barger and son, Mike, of Hamilton, Ohio, visited Mrs. Barger's mother, Mrs. Alice Davis, over the week end.

Rev. M. T. Canada, of Hazard, held a revival at the Church of God on Grapevine last week. The meetings were well attended and everyone enjoyed the sermons as well as the singing.

Mrs. Ebbie Maupier spent a few days last week with her daughter, Mrs. Georgia Noble, and Mr. Noble, on Grapevine.

We were all sorry to hear of the death of former President Herbert Hoover. He was a great man and lived a long and useful life before passing away at the age of 90 years.

Subject of this year (1964) essay is - "Fish and Wildlife Conservation - Its Benefit to My Community".

The Perry County Soil Conservation District Supervisors are actively promoting the 1964 essay contest sponsored by the Courier Journal, The Louisville Times, Radio Station WHAS and WHAS-TV in cooperation with the State Department of Education and the State Association of Soil Conservation Districts.

The best essay written in Perry County will receive a \$25.00 Savings Bond given by the sponsors, second and third prizes given by the Perry County Soil Conservation District \$10.00 and \$5.00, respectively.

The Perry County Soil Conservation District is sponsoring a Junior Contest for Elementary students - grades Fourth through the Eighth, giving first place winner \$10.00 prize, second place \$7.50 and third place \$5.00. The county winner will be selected from the first and second placed winner of each school.

The two best essays written in the county will be sent to the Courier Journal to be judged at the state level for state awards. State awards are \$200.00, \$150.00 and \$100.00 Savings Bonds for first, second and third place winners, plus an all expense paid trip to Louisville for winner, their parents and teacher to attend the 27th annual farm awards luncheon.

Rules of the contest listed inside the front page of the brochure should be followed very closely. Any boy or girl enrolled in grade or high school in Perry County may enter the contest.

### I HAVE ATTENDED

About every kind of frolic in this world, just recently I attended along with my wife, Greeba, and Little Teena Fouts a squirrel frolic that was sponsored by Mr. and Mrs. Verdie Fields in the new Housing Project's Recreation Hall. Folks, it was a feast if I have ever seen one. Verdie has been saving his squirrels since the season has been in, believe me he feeds us, not only squirrels, but chicken, gritted bread, stacked cake, sweet taters in the hull. Plus all the other trimmings which I just can't recall. I know it caused me to spend a week end because I ate too much. I can't recall all that were present, but here is a few that I know was present. Sgt. Murphy, Homer Howard, Bobby Dees of State Police, Don Brashear, Mervin Fields, City Police; Mr. and Mrs. Grover Williams, Alvin Davis, Columbus Stacy, Mrs. Vada Reynolds, Vicle Fields, Mrs. Clarence Myres, Michael Myres, Randy Fields, Ray Grigsby, Bernadene Fields.

Here's hoping that I didn't miss any of you, if so please forgive me, I was so darned busy stacking away that squirrel and gravy

along with that gritted bread, I would not be responsible for anything, unless it would be an extra helping of same.

This supper was in honor of VERDIE's fifty odd years birthday, which too many didn't know about. Mrs. Fields you did a nice job for the old man, I along with others will agree that he should have more birthdays providing we get to eat such a meal as this. I fetched a little extra helping when I got ready to leave that was a hunk of gritted bread, plus some of the stack lasses cake which I think they told me Vada Reynolds Verdie's sister had made, folks it was lappin the next day. To this reminds me of the old time days of living. I am glad to see that we do have people that are willing to get over a hot stove to bring this old type food that so many of us have been raise on. I guarantee you if more of this type food was being eaten, you would not hear of as many ulcers and other types of diseases. Let me suggest to you that have been bothered with ulcers and etc. start thinking of how our people combated these in the past. These things were hardly ever heard of, let's get out of the can opener food, and start thinking of how our forefathers made it.

## ARH School of Nursing To Hold Open House Dedication October 25

The Appalachian Regional Hospital School of Professional Nursing of Harlan, will have an open house dedication of its student residence at the University of Kentucky Southeast Center at Cumberland, Ky., Sunday, October 25.

Jay G. Coberly, vice-president of the ARH system of 10 non-profit, community hospitals, will speak at the 3 p. m. ceremony.

The one-story brick dormitory for nurses is the only residence facility at the new community college. The 16-room building will house 40 students and is within walking distance of the college campus.

The University Southeast Center is cooperating with the ARH School of Professional Nursing in a three-year basic program which leads to a diploma in nursing. Student nurses spend their first academic year

at Southeast Center and the following two years at Harlan Appalachian Regional Hospital. Cumberland is 22 miles east of Harlan.

Forty-three freshmen from Kentucky, Tennessee, Virginia, West Virginia, Pennsylvania and Ohio are enrolled in the first year of the nursing school program at the college, and forty students are in the last two years of the program at the Harlan ARH hospital.

Miss Irene E. DeMara, R. N., Director of the ARH School of Professional Nursing, said citizens of the area are invited to attend the dedication ceremony.

## K. E. A. Holds Drive-In Workshop At Walkertown School October 25

Sixty-one professional people, classroom teachers, principals, supervisors, directors of pupil personnel, superintendents, and K.E.A. personnel, attended a fine drive-in workshop at the Walkertown School Thursday evening, October 15, which was sponsored by the K.E.A. for representatives from the U.K.R.E.A. district.

Mr. Lyndal Barnes and Mr. V. P. Horne opened the meeting with brief statements outlining some of the work of K.E.A., and the general purposes and procedures of the drive-in workshop.

A study was made by the group of the achievements of the schools in the U.K.R.E.A. area (Perry County being included in this area). Many improvements were very noticeable and were listed by the group as being:

1. Great improvements have been made in our buildings and classrooms—many new ones have recently been built.
2. Improvements in quality and quantity of instructional materials.
3. Improved transportation—more new buses are being purchased, more and more students are being transported.
4. Improved school lunch program—more schools serving with more and more children participating.
5. Professional standards have been improved.
6. Improved equipment.
7. Local districts are now receiving more help from K.E.A.
8. Better teacher certification laws.
9. Improved professional attitudes.
10. Better communication between local, state, and national levels.
11. Implication of foundation program in Kentucky.

Even though great progress and improvements have definitely come about within the last few years, it was agreed that the people in education must still make an effort for even greater improvements and push forward for continued improvements. Never easing up in our efforts of this upward thrust until at least the national average has been reached in every respect.

The dues for K.E.A. membership for current year have been increased by \$6. Mr. V. P. Horne pointed out that this \$6 will be spent for the following items:

1. \$1 for local districts.
2. \$2 for building new K.E.A. building.
3. \$3 to secure new services such as: (1) field worker; (2) research worker; (3) provide better insurance and wider coverage at a lower rate.

## No Major Changes To Be Made In S.S.

"It looks as though there will be no major changes in social security this year," remarked John Graves, District Manager for Social Security in Hazard. "Congress adjourned over a week ago and all of the members have gone home for the excitement of a national election."

"As you know," Graves noted, "The Senate had passed a bill to provide hospital insurance benefits to people 65 or over. For those receiving social security, hospital bills would have been paid by social security. For those over 65 but not eligible for social security hospital payments would be made from general monies in the United States Treasury."

"The House of Representatives was more in favor of higher monthly payments to social security recipients," Graves added. They would have raised the monthly checks by about 5%, and allow widows to receive payments at 60, pay children until they were 22 rather than only to age 18, if they continued in school, and, of course, both bills would have raised taxes to pay for all of this.

Neither side seemed to be willing to budge from their favorite proposal. As a result, neither hospital insurance nor increased payments were passed. Both of these bills are dead for this year. Some members of Congress and the President indicate they will push for changes in social security early in 1965, Graves concluded.

There is one bill pertaining to the Social Security Disability Program that did survive and was signed into law by the President. We will discuss this minor change in our column next week. In the meantime, if you have any questions about social security, or your own benefits under the program, please do not hesitate contacting the social security district office at 135 Memorial Drive, Hazard, Kentucky, telephone 436-3148.

## An Opportunity

Perry Countians should be pleased to know that out of the customary confusion that seems always to bridge the gap between the passage of a law and implementing it, a pattern of organization and system is beginning to emerge with respect to the Economic Opportunity Act, otherwise known as the anti-poverty bill.

This pattern is becoming evident here in Perry County as well as on the national level. The Perry County Development Association is still short on members and does not, as yet, fully represent all of the county. But the organization which functioned so well in the early 1950's has definitely been revived and prospects are that it will thrive again.

Like the old PCDA, the new Association is made up of local people. But, instead of being tied to local resources, the revived organization has direct access to the federal government, particularly those new federal resources made available by the anti-poverty bill.

This access is available through the Upper Kentucky River Area Development Council, a multi-county organization that is a step up the bureaucratic ladder that reaches straight to Congress and its many agencies. The development councils, both county and area, represent the hammer and anvil with which the raw material provided by the anti-poverty bill can be forged into tangible improvements in our mountain environment.

Contrary to the opinions of many critics of the anti-poverty bill who viewed it as just another attempt by the federal government to interfere in local affairs, the bill is completely dependent upon local initiative. The idea for any improvement project in a given county must originate in that county, must spring from the minds of the very people who will benefit by the project. These counties who take no initiative will receive no aid. Those counties who are aggressive, organized and far-seeing

### Letters Are Welcome

Letters to The Herald are always welcome. Your comments, thoughts and views on any important subject help to make this paper more interesting and stimulating.

But the letters, of course, should not be too long, say for instance, one typewritten page, and all will be used providing you are in the area of good taste and are not libelous.

All letters must be signed by the author. This paper has been fortunate in having a large number of lively refreshing letters-to-the-editor and we deeply appreciate the fine response from readers, both old and young. But we regret that occasionally a very fine unsigned letter comes in the mail and it must be omitted because of lack of signature.

The fine comments regarding the paper that come via the telephone and personal messages are highly appreciated. We have received many of these in recent months and we must admit they inspire and instill in us a greater desire to keep on keepin' on.

by Melinda Greer

America is going to need an informed and well-qualified president and Lyndon Baines Johnson is my choice for the job. Johnson served as a U. S. Senator from Texas from 1949 to 1961, and was majority leader of the Senate from 1953 through 1960. Prior to this, Johnson served in the U. S. House of Representatives for eleven years. During all these years his record bears out that he has displayed qualities of leadership and shrewd knowledge of national affairs.

Johnson became president at a crucial time and under trying circumstances. He took over the responsibility of the United States in a dangerously turbulent world. Records tell us that he moved into his office, picked up the reins of the presidency, kept important meetings that had been previously scheduled, and started the government moving again with calmness and assurance. He has earned our country's confidence.

What can the average voter believe? Election campaign promises often mean little once victory is won. "Those ancient words of wisdom—"By their works thou shalt know them"—apply quite well today. The best way to evaluate a candidate is to examine his voting record. For example, Senator Barry Goldwater says that if he is elected he will give America a tax cut every year until 1970. But his voting record shows that he voted against a proposed tax cut this year.

Goldwater wants to sell the Tennessee Valley Authority, because he does not believe in government-owned industry. Yet, this Senator would sponsor a similar project for the state of Arizona. He states that it is altogether a different proposition, but I fail to see how it is different.

I admit that the Viet Nam situation baffles me and I feel that perhaps the present administration has left the public somewhat in the dark on the real problem. However, I don't think any three-man commission can solve the intricate problems for us. I believe that Johnson's maneuvers are right—slowness with deliberation, tolerance and understanding. Johnson's record proves that he knows how to get things done at the right time, and time is an important element in most crises.

#### Johnson Says Tourism Needs Help

October 13, 1964

519 East Main St.

Hazard, Kentucky

October 13, 1964

Editor:  
Hazard Herald,  
Hazard, Ky.

Dear Editor:

Much time has been spent on speeches regarding Kentucky's race horses, tobacco, whiskey, parks and tourist sites. Too little appears in the way of interest for incoming industry.

Interest is mounting for tourism. If followed too long the auto plate "EXPLORE KENTUCKY" may change to "EXPLORE KENTUCKY—SEE WHERE KENTUCKIANS ONCE LIVED". The auto plate picture with this indicates that 30,000 citizens leave Kentucky annually.

In two nearby states there is one worker to seven of the population or one worker per family of seven. In Kentucky there is one worker to seventeen of the population or one worker per family of 17. A pitiful condition that tourism and welfare will not cure. To correct this super highways must be provided so that industry with its payrolls can come in and use the abundant labor much of which has been moving (30,000 annually) to other states.

Yours very truly

P. L. JOHNSON

#### Favors Urban Renewal Projects

The Hazard Herald  
Hazard, Kentucky

Dear Editor:

For some time rumors have been reaching me the undersigned persons that some persons are saying that we are not in favor of the North Main Street Urban Renewal Project.

We certainly are in favor of it for many good reasons. No one who has had their homes flooded twice as we have can possibly be against Urban Renewal on the North Main Street Project. We have the good of Hazard at heart and we believe that a vote in favor of the North Main Street Urban Renewal Project is a vote for progress. This project will not cost we people of Hazard One Penny. Your Vote will help get a wide highway into town, help get the decaying outmoded houses out of the project area and in their place there will be planned and modern houses east of Main Street in the project area and all houses will be removed from the river bank and in their place a beautiful recreation area will enhance the prestige of our town. This will be better for those of us who live here, those who come here to shop and do business and better for visitors and tourists.

We hope that everybody will Vote For The North Main Street Urban Renewal Project on November 3rd. So we can have the much needed help to improve our town that we all love so well. Hundreds of other towns are getting help to improve from urban renewal and we must Vote For and get this help also.

With Full Cooperation,

#### Report of Dental Examinations

Hazard Herald,  
Hazard, Kentucky

The physical and dental examinations for Perry County first grade children and their parents were completed on October first.

Our figures show that 95%, or 892, of the first grade enrollees went through the clinic. In addition, 428 of their parents received the services of this health screening program.

The success of this program was due, in great part, to the cooperation and service of several agencies and many individuals over the county. Your contribution toward interpreting the program to the public and printing the daily transportation and screening schedules was a great help.

For this service and for faithful support of the past, I extend to you and your staff an expression of thanks and appreciation from the staff of the Health Department.

### Supports Urban Renewal

## Personal Opinion

By C. Dana Snyder, M.D.

We are told that individuals, cities and countries either go forward or backwards and that there is no such thing as standing still. A business either makes money or loses money seems to be the idea. As to the URBAN RENEWAL continuation which comes up for a vote by the citizens November 3rd, I believe thoughtful citizens should take inventory on the idea.

So far the projects in which Hazard has shared have been beneficial and many steps forward. Eye sores and danger spots have been cleared up and forever removed from our lives. The parking lots, and the new housing projects so far built are realities. Without joining in the URBAN RENEWAL MOVEMENT, these things could not have been possible. Other towns around us seem envious at the improvements we have made in the last ten years.

Some good citizens seem to be confused about Urban Renewal and are urging us to vote against it on the idea that it will BREAK UP THE CITY OF HAZARD. They do not know the FACTS. No additional debt will be laid on us, and no more taxes will be levied. URBAN RENEWAL IS A NATIONAL PROGRAM WHICH HAS BEEN SET UP FOR YEARS. THE MONEY IS EARMARKED FOR SLUM CLEARANCE, AND FACE LIFTING OF THOSE CITIES WHICH CHOOSE TO GO ALONG.

If Hazard citizens refuse to go along, then Urban Renewal money will go to other cities who choose to share in the plans. It is just that simple. Washington is not trying to force anything on Hazard or any other town, county or city. The choice is ours.

We can try to stand still and watch other towns go forward under the plan. From Maine to California, different cities are electing to work with the plan in order to make life better for all in those cities. Almost every town around

us has worked or is working under some Urban Renewal project.

North Main Street is the front yard and entrance to Hazard for people coming from the north. The area proposed to be helped is generally known to be run down and in the flood area. Many of the property owners are not able to do anything about it. Those who could rebuild realize it would be a doubtful venture.

The owners will be paid a fair value for their property and will be given an opportunity to buy back some of the lots deemed suitable for buildings. The River bank section will be made into a modern parking lot, which is needed, playground and park facilities, or such things as will LIFT THE FACE OF THE whole section.

If the owner does not agree with the appraisal or the city thinks some valuations are too high as fixed by the government appraisers, the values can be fixed by juries in the Circuit Court. We should discount some of the rumors we hear about so and so getting more and so and so not enough.

If Hazard votes to not go along, where most of the money comes from Urban Renewal Sources, we won't save any money except for the other cities who elect to go along. We shall continue to pay our Federal taxes just the same out of which the URBAN RENEWAL MONEY COMES.

It is quite probable the HIGH STREET PROJECT AND THE LIBERTY STREET PROJECTS WILL STOP for the reason that other cities over the state and nation will cooperate sufficiently to use up all the money we help pay into the Federal Fund.

We have to request help. NO HELP IS BEING FORCED ON US. The proposition is that simple. Shall we take it or refuse it?

## The City Fathers Speak

(Editor's note: The following letter expresses the opinions of all members of Hazard's City Commission. Mainly a simple statement of the facts, the letter represents a strong endorsement of the North Main Street Urban Renewal Project. The Herald also strongly endorses this project and urges the voters of Hazard to approve it by voting "yes" at the polls November 3. Watch the Herald between now and election day for more discussion of this vital issue).

TO THE PUBLIC:

As your elected officials, we feel you should know a few facts concerning urban renewal. This letter is assurance from the Board of Commissioners that the North Main Street Urban Renewal Project will not cause any increase in taxes. The City's 25% share of project costs is to be paid in non-cash grant-in-aids furnished by the State Highway Department and the State Conservation Department.

No families in the project area will be forced to leave Hazard. The Federal law requires that families be relocated in safe, sanitary, and decent housing. Families and individuals who have left the City of Hazard from the Liberty Street project area moved to other localities due to personal reasons, such as to be near relatives, to get a job, to live on a farm after retirement. No one is forced to leave.

Property is purchased at the fair market price in urban renewal projects after two appraisals have been made. When a great difference exists between the first and second appraisal, a third appraisal is required. If a property owner does not desire to sell his property at the offered price, the price can always be settled by a jury in court proceedings.

The area is to be redeveloped for new commercial buildings. Some of the present businesses in the area have indicated a desire

to be relocated in the area. Urban Renewal will sell the land for redevelopment, and the purchaser builds his own building according to the urban renewal plan. The other urban renewal projects in Hazard have had a predetermined redevelopment, such as a parking lot, a hospital and a public housing site. In the North Main Street Project the land is to be sold to the highest and best bidder at public auction, after negotiations are completed with present businesses who desire to relocate in the area. The Board of Commissioners have the final authority on what types of businesses are to be placed in the area.

Urban Renewal is a locally initiated program carried out with financial and technical assistance from the Federal Government. Acting as individuals and collectively as the Board of Commissioners we have sincerely and earnestly tried to carry out programs that would benefit the entire City, while at the same time inconveniencing the least number of citizens.

Yours for a Better City,  
WM. C. DAWAHARE, Mayor,  
C. B. Feltner,  
E. C. Boggs, M. D.,  
M. B. Payne, M. D.,

## Presidential Election Forum

Essays By Students at The University of Kentucky's Southeast Community College, Cumberland

by Kenneth Howard

In deciding who I would cast my vote for in the coming presidential election, I chose five major issues that I feel will affect the United States drastically in the following four years, and evaluated the candidates by the positions that they took on each. I came to the conclusion that Barry Goldwater is the only possible choice for freedom-loving Americans.

Foreign aid is one of the most important issues of the campaign, as far as I'm concerned. It was first presented to the people of the United States as a means to help further our own interest by arresting Communism. This is good and Goldwater will be the first to admit that. However, in the past sixteen years, the United States has spent 600 billion dollars and sacrificed the lives of 50,000 of its youth to stop Communism. Where do we stand now? I'll tell you exactly: right in the middle of a Communist-knitted web of world control. They control over one billion of the earth's population and 25 per cent of its land mass. They are fast moving in on the American people. Cuba substantiates what I am saying.

Why are we failing and what can be done to stop Communism? First of all, I don't think that we are really trying to stop it. We gave Communist Yugoslavia radar-equipped jet fighters, Communist Czechoslovakia nuclear reactors, loaned Communist Poland 2.5 million dollars. These aren't the only things; there are more. But these are things that both Republicans and Democrats alike are doing. Barry Goldwater is against this. So am I.

Another issue which corresponds to this is the tax cut. We can't have a tax cut without reduced spending. And without reduced spending we will never be able to get out of debt. Barry Goldwater plans to put us on a road to get rid of our debts simply by stopping this foolish spending of so much money towards Communism. At the same time, we will be getting the tax cut that all Americans want and deserve.

Communism is no longer a word defining a movement in other countries, for it has infiltrated not only the government of the United States but also the minds of many good Americans. It can never be denied that Socialism leads to Communism, and we must admit that never before has Socialism

been so open to the public. The proposed Medi-Care bill or medical care for the aged is a very good example of this. A bill which takes from one person and gives to another is surely Socialistic. A bill which endangers the private rights of an individual is surely Socialistic. A bill which would place our forward-striving medical program in the hands of the government is surely Socialistic.

This brings me to another issue: Civil Rights. I wouldn't vote for a man so hypocritical as to vote 12 times against a bill, become vice-president and suddenly vote two times in a row for it. Also, again, I think this is an unconstitutional piece of idealogical work supported by Social minds. I'm not saying that everyone who voted for it is a Socialist, for I realize that many felt something had to be done to protect the colored people. I surmise that they took the bad with the good. Goldwater does not believe in doing this. He saw the bad in the bill and voted against it. He knew that it would hurt him when the election came but he wasn't like the man from Texas.

The fifth and final issue is the policy that Goldwater has issued concerning the United Nations. Barry Goldwater has expressed his support for the United Nations several times. However, he has also expressed concern for the condition now existing in it. No one can deny that we, the American people, and our government, are supporting an organization in which many of the member-nations refuse to pay their fair share. This is something that is not right. Yet, as important as it is, our government refuses to take a firm stand for its correction. However, when someone does take this stand, one of our Socialist-controlled news media twists and rearranges the words so as to deceive the American public. By this I mean they say he is against the United Nations, which is a lie. I believe in the position taken by Barry Goldwater, which says that should other large Communist nations be allowed to join and off-set the balance, then the cause is lost. What can we gain by supporting an organization with men and money when we do not and cannot expect to reap from it all that we stand for and deserve?

For all these reasons, I will cast my vote for Barry Goldwater for President of the United States.

# The Facts About Urban Renewal

1. All City officials are 100% in favor of the North Main Street Urban Renewal project for the improvement of Hazard.

2. Urban Renewal will NOT cause any increase in city taxes. The North Main Street Project is being carried out with no cost to the City of Hazard.

3. The total project will cost one million dollars. The City is responsible for 25% of this amount, or \$250,000. But this obligation does not involve City tax money. The City's share will be provided in the following manner:

**\$165,000**—The State Highway Department. The Highway Department will build a 42-foot wide street from the Post Office to the intersection of North Main Street and the By-Pass. This construction will be financed by Highway Department funds. The City of Hazard will receive credit for this amount toward its share of the total cost.

**\$40,000**—The Roscoe Davis Dam. This dam is already built and paid for. But since it represents a public improvement in the renewal area, the City receives credit for this amount on its share of the total cost.

**\$45,000** — Here is Hazard's only direct responsibility in carrying out the North Main Street Urban Renewal Project. The City's normal work force will tear down the buildings in the project area and lay new water and sewer lines. This work will satisfy the City's \$45,000 cash obligation. In other words, instead of paying this amount to the government in cash, the City will simply work off its debt with its existing work force and equipment.

4. The river bank side of North Main Street will contain a parking lot and a park with trees, shrubbery and flowers to beautify the entrance to our town.

5. The law requires families who live on North Main Street to be relocated in safe, sanitary and decent housing. Up to \$200 per family will be paid for moving costs.

6. Businesses will be reimbursed for their cost of moving to a new location.

7. North Main Street property will be purchased at the fair market value after two, and sometimes three, appraisals. No property owner in the North Main Street area has as yet been offered any price for his property. Final appraisals have not yet been made.

8. After the land is purchased and cleared of substandard buildings, it will then be sold at the fair market value for new development. Each firm presently doing business in the North Main area will have first priority in purchasing land for relocation of their present business in the project area. Land not purchased by businesses presently in the area will be sold at public auction for new development.

## HILLARD FARMS AT AUCTION

SATURDAY  
OCT. 24th  
At 1 P.M.

These farms are located 1 mile west of Parrott Post Office or better known as Letter Box, on the Penile gravel road. Follow the Auction Arrows from Hi-way 30 near Peoples, Ky.

#### FARM NUMBER 1

Consists of 105 acres more or less with a modern 6 room home, bath and stoker furnace. This farm has a large combination barn, concrete milk house built for pipe line milkers, smoke house, chicken house and other necessary buildings. Approximately 90 acres is crop land and all of the farm is tractor land. The Tobacco base for 1964 was 1.10 acres. Now growing on the farm is approximately 20 acres of Alfalfa and the balance is orchard grass and other grasses. There is plenty of water, never failing ponds and well.

#### FARM NUMBER 2

HOME  
ON FARM 2

This farm consists of 61 acres more or less with a modern 3 bedroom home lived in just a few years, with basement and furnace. On this farm is a large combination barn and tenant house. The Tobacco base for 1964 was .80 acre. Approximately 50 acres of this farm is tractor land. Now growing on the farm is approximately 15 acres of alfalfa, balance in orchard grass and other grasses. This farm is well watered by large ponds and good well.

Folks, here is your chance to buy two of the best farms in Jackson County. There may be some more farms as good but if there is any better we would like to see them. These farms wouldn't be on the market today if Mr. Phee Hillard's health had not failed and he was advised by his Doctor to quit work. He and his son, Byron Hillard are moving to London, Ky.

Space will not permit us to tell you what you should know about these farms, so we have decided to be on the farms the day before the sale. (Friday, Oct. 23, all day) to show you over these farms and answer any question you may have.

#### TERMS

20% down on the day of sale and the balance January 2, 1965. Good terms can be arranged on both farms.

#### POSSESSION

Whatsoever thou shalt loose on earth shall be loosed in heaven—(Matt. 16:19).

We should always remember that we are spiritual beings created by God in His image and endowed with qualities and abilities that make us capable and important to this world as well as to God and His larger plan.

**This is the '65 Corvair!**

'65 Corvair Monza 4-Door Sport Sedan—with longer, roomier new Body by Fisher

If it doesn't look like any Corvair you ever saw before, that's because there's never been a Corvair—or any other car—like it.

There's new hardtop styling for all sedans and coupes. And a

roomier, easier-to-enter interior smartly turned out with supple upholstery, a racy instrument panel and curved side windows.

And the rear-engine power ranges up to a new Corvair peak

of 180 hp available in the top-of-the-line Corsa models and up to 140 hp in Monzas and 500's. Just follow the enthusiasts—to your Chevrolet dealer's.

See 3 beautiful shapes for '65—Chevrolet, Chevelle, Chevy II, Corvair & Corvair—at your dealer's

every year we bring out an old model.

An 8 year old model Kentucky Tavera. Good straight sour mash bourbon that has been working up to greatness inside deep char lined oak barrels. It takes 8 full years to mellow all the rough edges out of bourbon.

One sip of Kentucky Tavera proves it. Just a soft whisper of rich flavor. Never talks back to you. Makes a smooth marriage with water. Or any mix. Matter of fact, once you taste what an 8 year old bourbon can do you may never think young again.
